## Explanation of Investment Objectives

Objective	Description
Growth	Increase the principal value of your investments over time rather than seeking current income. Investor assumes higher degree of risk.
Hedging	Take positions in a product in order to hedge or offset the risk in another product.
Income	Generate dividend, interest or other income instead of, or in addition to, seeking long-term capital appreciation.
Preservation	Seek maximum safety and stability for your principal by focusing on securities and investments that carry a low degree of risk.
Speculation	Substantially increase the principal value of your investments by assuming substantially higher risk to your investment capital.
Trading	Increase the principal value of your investments by using shorter term trading strategies and by assuming higher risk.
